**c) Winter Clothing for Staff**

- Ruby feels that the board should provide winter field clothing for personnel (policy); could be a possible liability issue in future; most businesses (EMLC, RWED) do provide some sort of winter clothing. Currently, the SRRB provides all field gear except for clothing. Winter mentioned that in previous discussions the board had decided not to provide clothing; staff should know to dress properly for the weather.

- Executive Director to work on policy (with staff input) and present to the board at the next meeting

**6. Harvest Study Data Requests**

- Harvest Study Report and Harvest Study Data Updates tabled
- Jody & Janet need to know how they are to handle data requests from other agencies. Tabled report on “Legal Considerations with Respect to Wildlife Harvest Studies”
- Winter – We have to have policies and guideline when we give this information out. Inquired whether Harvest Study Working Group should deal with this issue; Working Group met in early 2000 and decided that Board Members should focus on this
- Celina – Felt the harvesters should be involved with the distribution of the data
- Schedule I to Chapter 13 of the Land Claim Agreement:
  - information collected (with the exception of the identification of the harvesters) shall be provided to the Board, the Sahtu Tribal Council (SSI and designated community Sahtu organizations) and the participating government agencies on the Working Group (DFO, DOE, DRWED) in a manner to be set out in the design of the Harvest Study

### Discussions

- Make Jody an offer for Executive Director position for term of 2 years minimum, with possibility of one-year extension; salary to be the same as previous Executive Director. A condition would be to recruit for an Executive Director Trainee position.
- Concerns raised by members that decisions are being made without the knowledge of the public; noted that the public is welcome to attend any SRRB meeting (notices are posted in community prior to meeting) but they seem uninterested; one option to possibly increase public attendance at meetings is door prizes

### **SRRB Motion #12-05-00-08**
