

# Harvesters Meeting

Délįnę harvesters invited to attend a harvesters meeting to discuss the Belarewíle Gots'ę ʔekwę plan. The Délįnę ʔehdzo Got'įnę is consulting with harvesters on plans for closure of the hunt, since we're nearing our limit of 150 caribou. We also seek to learn from hunters about the health of the caribou, changes on the land, and experiences in hunting.
